Tenuta di Trinoro

Tenuta di Trinoro is considered one of the most iconic wines produced in Italy today. The estate, planted on virgin soil following the vision of owner and winemaker Andrea Franchetti, is planted solely with Bordelais grapes, with a strong preponderance of Cabernet Franc. The isolated estate occupies an area of about 200 hectares, of which 22 are planted with vines. It is located in the Val d'Orcia, between 450 and 600 meters above sea level, where the eroded rock of the mountain gives way to the limestone and clay of an ancient sea floor. These Super Tuscan wines are unique in their area, expressing the particular conditions of this elevated, inland valley.

Tenuta di Trinoro Rosso Toscana I.G.T. (2007 vintage) 94 WA/95AG (2015 vintage) 96 WS/95 WA/97 IWR (2017 vintage) 95 WA/93 WS

The flagship wine of Tenuta di Trinoro provides the greatest insight into Andrea Franchetti's approach to winemaking. A proprietary blend of Cabernet Franc, Merlot, Cabernet Sauvignon, and Petit Verdot that is never a predetermined recipe, formula, or even flavor profile. The best grapes are hand selected each year, making every vintage different. This Super Tuscan wine showcases the distinct terroir and native grapes from this remote estate at the furthest confines of Tuscan viticulture. Rich and structured, with a depth of flavor and complexity, these are the hallmarks of the Franchetti wines, and they are perfectly represented in the Rosso Toscana.

Palazzi comes from a selection of older Merlot vines blended from various areas across the estate. The new French barriques add layers of richness and complexity to the wine, which is characterized by plush, supple fruit balanced by intense minerality, making it approachable and pleasing from the release, with elegant structure that can stand the test of time. Palazzi is one of the great examples of Italian merlot and is only produced in small quantities each year. Each bottle presented in custom wooden boxing. Also available in 1.5L bottles, pricing upon request.

A rich color that almost approaches black that is unique in Italy; this is due to the fully ripened grapes of the late harvest. The almost over-ripened grapes create an aromatic fullness reminiscent of high-end Californian reds. A perfect pairing for dark meat, dark poultry, hearty wild dishes, and medium old cheeses. Available in 1.5L & 3L bottles presented in custom wooden boxing, pricing upon request.

Tenuta Santo Pietro

Located between Pienza and Montepulciano on the Strada del Chianti (dei Colli Senesi), Tenuta Santo Pietro's 72-acre estate was part of a larger farm system laid out by Pope Pius II in the mid-1400s. Our 15 acres of vineyards are all located on our property as is our newly built wine cellar. Grape varieties include Sangiovese, Syrah, Cabernet Sauvignon, Petit Verdot, and Merlot. We put all of our effort into producing a very low yield of extremely high quality grapes. The successive work in the cellar also requires much care and attention to obtain the best possible results. Winemaking is a form of art that does not benefit from cutting corners, what comes out of each bottle you open is the expression of all the hard work that has gone into it.
